## For Higher Quality & Lower Cost

AGRI-BOND™ additive from C-E Minerals can give your clay products these important advantages:

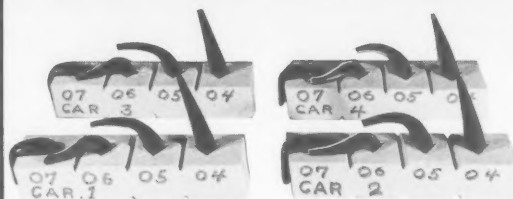

- BETTER EXTRUSIONS
- INCREASED GREEN STRENGTH
- LOWER FIRING LOSSES

For more information and a free sample of our dry-bagged AGRI-BOND contact:

C-E Minerals  
901 East 8th Avenue  
King of Prussia, Pa. 19406  
Telephone 215-265-6880

**CE MINERALS**  
COMBUSTION ENGINEERING INC.

## Solid Evidence

Plaques of Orton Cones set on consecutive cars during firing showing same firing performance car after car, shift after shift and day after day.

Orton cones can help develop optimum working control systems. They uncover clues to improved production and become lasting records of time-temperature effects.

Write or phone for complete information.
